Instituição coordenadora: University of Muenster

Data de aprovação: 31/10/2019

Data de início: 01/10/2019

Data de fim: 30/09/2021

Entidade financiadora: Comissão Europeia|European Commission

Prog. quadro: Erasmus+

Prog. operacional: KA 2 - Cooperation for innovation and the exchange of good practices

Investigador responsavel: Isabel Maria Pinto Ramos

Unidade de Investigação: Centro Algoritmi

Objetivos, atividades e resultados esperados/atingidos:

The project aims at developing a curriculum to guide the learning of emerging technologies and assess their potential for innovating and digitally transform Micro, Small and Medium Enterprises - SMEs. The Outputs that will be developed will support the simulation-based training, considered superior to problem-based learning in overcoming the theory-practice gap.
