**Reference:** 101070537–CROSSCON\_BI\_2023\_04\_CALG

A call for applications is now open for the attribution of 1 grant(s) of Research Fellowship for a master degree holder within the scope of the R&D project of ALGORITMI Center, CROSSCON “Cross-platform Open Security Stack for Connected Devices”, Project 101070537 – CROSSCON, financed by the European Union (EU) – European Commission, through the Programme Horizon Europe (HORIZON), under the following conditions:

**Scientific Area:** Electronic Engineering.

**Recipient category:** Students enrolled in Electronic Engineering and Computers PhD programme, or related areas.

### Requirement for granting the fellowship:

- The applicants may apply without prior registration in the course for which the fellowship is open. The requirement to enroll in a degree course or non-academic degree course will be verified on the date of contracting the fellowship;
- Only fellowships whose selected applicants present a valid proof of enrollment in a degree course will be contracted, according to the type of the fellowship, issued by the academic services of the Higher Education Institution, indicating, respectively, the academic year or its duration (star and term).

### Candidates profile:

- Candidates must have, at the date of application, a master degree in Electronic Engineering and Computers, or related areas. It is required for contractualization, proof of academic qualifications completed at the deadline for applications, including those resulting from academic degree recognition processes.
- Preferential Requirements: Priority will be given to candidates with consolidated knowledge in embedded systems, computer architectures, virtualization and trusted execution environments.

**Applicants eligibility:** Applicants must comply with the eligibility conditions laid down in article 9 of the Regulation of Scientific Research Fellowships of the University of Minho (RBIC), published in “Diário da República”, 2nd serie, no. 119, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021.

**Workplan and objectives to be achieved:** The workplan will be developed under Work Packages WP1, WP2, e WP3, Tasks T1.2, T1.3, T2.1, e T3.1, to be added in case of eventual renewals, in a specific document (Work Plan).

The work plan consists in: (i) requirements definition and specification of validation criteria; (ii) contribution to “CROSSCON Open Specification” (WP2 – T2.1); (iii) design and implementation of “CROSSCON TEE Abstraction and Isolation” (WP3 – T3.1).

Work assessment will be verified through the obtain results indicated in the activities report elaborated by the grantee.

This research context and methodological approach is adequate for the development of doctoral thesis of PhD students.

**Other benefits:** Reimbursement of Voluntary Social Security (Social Security contributions), corresponding to the 1st level of discounts (*for research grants with a total duration 6 months or higher*) and personal accident insurance.

**Exclusivity regime:** The grantee will perform the activities under exclusivity, as foreseen in article 5° of the Research Fellow Statutes and applicable regulations.

**Selection panel:** The selection panel has the following composition:

President: Doctor Sandro Emanuel Salgado Pinto, Principal Investigator at ALGORITMI Center, School of Engineering of University of Minho.

Effective members: Doctor João Luís Marques Pereira Monteiro, Full Professor at the Department of Industrial Electronics, School of Engineering of University of Minho, and Doctor Tiago Manuel Ribeiro Gomes, Assistant Professor at the Department of Industrial Electronics, School of Engineering of University of Minho.

Substitute members: Doctor Jorge Miguel Nunes Santos Cabral, Associate Professor at the Department of Industrial Electronics, School of Engineering of University of Minho; Doctor Paulo Francisco Silva Cardoso, Assistant Professor at the Department of Industrial Electronics, School of Engineering of University of Minho, and Doctor Adriano José Conceição Tavares, Assistant Professor at the Department of Industrial Electronics, School of Engineering of University of Minho.

The first effective member will substitute the President of the selection panel in case of impediment, being nominate the first substitute member in the place of the first effective member.

**Criteria and procedures for applications assessment and selection:** The applications assessment will focus on the candidate's Merit, following evaluation criteria, valued on a scale of 0 to 20 values:

Applicant Merit - AM (100%):

- A. Academic path, with a weighting of 60%;
  - A.1. Final grade, with a weighting of 50%;
  - A.2. Course Scientific Area, with a weighting of 50%.

**Table - Course Scientific Area:**

Área do Curso	Valoração
Electronics Engineering	20
Electrical Engineering	20
Informatics engineering	20
Biomedical Engineering (medical electronics)	18
Related areas	17
Non Related areas	0

Classification of Curriculum Evaluation (A) will be achieved through the following formula:  $A=(A.1 \times 0,5) + (A.2 \times 0,5)$ .

- B. Personal curriculum - Consolidated knowledge in embedded systems, computer architectures, virtualization and trusted execution environments, with a weighting of 40%:
- B1. Design and Implementation of embedded systems, with a weighting of 50%;
  - B2. Consolidated knowledge in computer architectures, virtualization and trusted execution environments, with a weighting of 50%.

Classification of the Consolidated knowledge in embedded systems, computer architectures, virtualization and trusted execution environments (B) will be achieved through the following formula:  $B=(B.1 \times 0,5) + (B.2 \times 0,5)$

The final classification (CF) of Curriculum Evaluation (A) and the Consolidated knowledge in embedded systems, computer architectures, virtualization and trusted execution environments (B) will be achieved through the following formula:

$$CF=(A \times 0,6) + (B \times 0,4)$$

Candidates who obtain a valuation lower than 9,50 values in any of the selection methods are considered excluded from the final valuation.

If none of the candidates demonstrate to have a suitable profile for the execution of the work plan, the Jury is entitled to close this call without selecting a candidate.

The academic degrees and diplomas documents, or their respective recognition when awarded by foreign higher education institutions are not mandatory in the application phase, being replaced by a declaration of honor of the candidate with the contents of academic results. The documents of academic qualification or respective recognition will be required in the contracting phase and must attest facts that occurred on a date prior to the application. In situations of divergence between the information contained in the declaration and the documentation submitted for contracting the grant, only the information contained in the latter will be considered. If the documents proving the ownership of the academic degree and diploma, or the respective recognition under the terms of Decree-Law No. 66/2018, of August 16, do not correspond to the classifications awarded in the evaluation of the academic path, which can change the candidate's ranking, the fellowship won't be contracted.

***Notes:** Applicants with degrees obtained abroad must present proof of recognition of qualifications in Portugal and conversion of the final classification obtained in them to the Portuguese classification scale or declaration under the terms indicated in the previous point. Candidates who do not comply with one of these provisions, the selection panel will assign "0" in the grade of the graduation and/or master course. Candidates will be evaluated on the remaining parameters.*

**Disclosure of results:** The provisional results of applications, based in the selection panel minutes, will be sent to the applicants by email until 90 working days from the applications deadline.

If case of unfavourable results, the candidates have a period of 10 working days to comment, if desired, in a prior hearing to interested parties, pursuant to articles 121 and 122 of the Code of Administrative Procedure (DL no. 4 / 2015 of January 7th).

*[The hearing of the interested parties, if excluded, should be justified accordingly with article 124º of CPA]*

**Complaint and appeal procedures:** The final results of the evaluation will be published through an ordered list (alphabetically, by final grade obtained), posted in a visible and public place of the host unit, as well as by email to all applicants, enclosing for that purpose, the minutes of the jury deliberations.

The selected candidate must inform its willingness to accept the grant, in writing. In case of rejection, the fellowship will be awarded to the next candidate in the ordered list of applicants.

The final decision can be contested, in terms of point 3, article 13º of Regulation of Scientific Research Fellowships of the University of Minho (RBIC), published in “Diário da República”, 2nd serie, no. 119, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021).

**Application deadline and submission:** The call for applications is open from **22<sup>nd</sup> August till 4<sup>th</sup> of September 2023**.

Applications must be formalized by sending an application letter with the following documents: curriculum vitae; qualifications certificate or declaration of the applicant; motivation letter; statement proving that meets the conditions for the grant typology, according to the application requirements; other documents important to the evaluation process.

Applications must be sent by email to [recrutamento@algoritmi.uminho.pt](mailto:recrutamento@algoritmi.uminho.pt), indicating the reference of the call for applications in Subject. Applications submitted by other means will not be accepted.

**Fellowship contractualization:** The fellowship will be attributed by signing a fellowship contract between the University of Minho and the fellow, accordingly with the contract minute (annex IV of the Regulation of Research Fellowships of the University of Minho (RBIC), published in *Diário da República, 2nd Série, no. 119*, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021, as indicated in 2.4 of the FCT document: [“Rules for Granting and Management of Grants within the scope of R&D projects, including infrastructure projects, the multi-annual financing program for R&D units and other FCT financing instruments \(Version 2021\)”](#).

The contract may only be concluded after all the documentation required is collected, which must take place within a maximum period of 6 months [including evidences of the academic degrees or diplomas and enrolment in degree courses or non-conferring courses, depending on the type of scholarship].

Once all the documentation has been received, the contracting entity has a period of 60 working days to conclude the scholarship contract. Once received, the fellow must return the contract duly signed within 15 working days.

The activities under the fellowship contract can only began after proper authorization by the contracting entity.

**Term and cancellation of fellowship contracts:** Without prejudice to the other causes provided the fellowship regulations (FCT and UMinho) and in the Statute of the Research Fellow, the fellowship ends with the completion of the work plan, as well as with the expiration date for which it was granted or renewed.

At the end of the fellowship, the grantee is obliged to present a Final Report of the work carried out, in accordance with the objectives and evaluation criteria defined with the scientific advisor, within 30 days after the end of the scholarship.

The **final report** must be prepared in accordance with Annex I of the Scientific Research Fellowships Regulation of the University of Minho (RBIC), published in *Diário da República, 2nd Série, no. 119*, through dispatch no. 6524/2020 of 22-06-2020, ratified by ratification declaration no. 447/2021 of 22-06-2021.
